UPDATE TO THE HAT NOT-FOR-PROFIT ENTITIES METHODOLOGY:

AMENDMENTS FOR PERIODS COMMENCING ON/AFTER 15 DECEMBER 2021

The HAT Not for Profit Entities Methodology has been revised as part of our annual update cycle. The primary purpose of the update is to align this 'top-up' pack with the amendments previously made to our Corporate Audit methodology to deal with the recent changes to Auditing Standards, with the following being the areas of most significant change:

- ISA (UK) 315 *Identifying and assessing the risks of material misstatement*
- ISA (UK) 240 *The auditor's responsibilities relating to fraud in an audit of financial statements*

The changes to the Auditing Standards are effective for **accounting periods commencing on or after 15 December 2021.** As these changes are most likely to affect clients with a 31 December 2022 year end and onwards (albeit care will be needed with short periods), we have updated the Methodology and re-named this **Not for Profit (January 2022).**

For periods commencing prior to 15 December 2021, the HAT Not for Profit Manual (January 2020) should still be used.

The major changes to the Methodology are consistent with the changes made to our Corporate Audit Methodology summarised in TM0422.

All amended documents are annotated as "03/23" in the footer.

Users should download the Manual **IN FULL** from the Members' Area of our website.
