UPDATE TO THE HAT GROUPS METHODOLOGY: 2025 UPDATE

The HAT Groups Methodology has been updated as part of the annual update cycle.

As the methodologies are now updated at least annually, this update has resulted in a change in the naming convention. This methodology has been re-named to be "Groups - 2025 Update". This change aims to give clarity to users that they are using the most up to date version.

There are no significant accounting standard or ISA changes affecting accounting periods commencing on or after 1 January 2025 (so typically 31 December 2025 year ends).

However, company size thresholds change for accounting periods commencing on or after 6 April 2025 (so typically 30 April 2026 year ends). To deal with the change, the "2025 Update" includes "Requirement to consolidate" checklists for periods commencing prior to 6 April 2025 and on /after 6 April 2025.

We have also taken this opportunity to update the materiality assessment (Ac13) further to feedback from firms. Rather than the materiality assessment including suggested percentages to apply to benchmarks (e.g. 1% for turnover, 2% for gross assets), users are now required to select an appropriate percentage from a range (e.g. 1 to 3% of turnover). Whilst the previous version of Ac13 did allow for the 'default' percentages to be overridden, this rarely happened. As users will now determine the appropriate percentage from within the suggested range, the updated Ac13 should encourage more professional judgement (which needs to be appropriately evidenced) in the assessment of materiality.

There are a number of other minor changes throughout the methodology.

Left hand footers now just refer to "Groups". Where the documents have been amended in this update, the right hand side footer states 09/25.

The updated Groups Methodology should be used for any accounting period commencing on or after 1 January 2025. For periods commencing prior to this, the HAT Groups Methodology January 2024 should still be used.

Users should download the Methodology IN FULL from the members area of our website.
